Federal Communication Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

Non-modifications Statement

Any changes or modifications not expressly approved by AppNeta could void the user's authority to operate this equipment.

Safety

California Best Management Practices Regulations for Perchlorate Materials

This Perchlorate warning applies only to products containing CR (Manganese Dioxide) Lithium coin cells. "Perchlorate Material-special handling may apply. See www.dtsc.ca.gov/hazardouswaste/perchlorate".

Warning: Handling of lead solder materials used in this product may expose you to lead, a chemical known to the State of California to cause birth defects and other reproductive harm.

Warning: IEC Power cord must comply with National Electrical Code (NEC).

Canada (English)

Innovation, Science and Economic Development Canada (ISED) Statement:

This Class A digital apparatus complies with Canadian ICES-003.

This device complies with ISED licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- 1) This device may not cause interference.
- 2) This device must accept any interference, including interference that may cause undesired operation of the device.

Safety

Warning: IEC Power cord must comply with Canadian Electrical Code (CEC).

Canada (Français)

Déclaration d'Innovation, Sciences et Développement économique Canada (ISED):

Cet appareil numérique de la classe A est conforme à la norme NMB-003 du Canada.

Le présent appareil est conforme aux CNR d'ISED applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- 1) L'appareil ne doit pas produire de brouillage.
- 2) L'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Sécurité

Avertissement: Le cordon d'alimentation IEC doit être conforme au Code canadien de l'électricité (CEC).

European Community (EC)

Conformité Européene (CE)

These products are compliant with all applicable directives:

- Electromagnetic Compatibility (EMC) Directive
- Low Voltage Directive (LVD)
- Restriction of Hazardous Substances (RoHS)
- Waste Electrical and Electronic Equipment (WEEE)
- 'CE' mark label.

Warning: IEC Power cord must comply with all applicable requirements for each Country in which the product is used.

REACH

Products comply with the Registration, Evaluation, Authorisation, and Restriction of Chemicals (REACH) regulatory framework.

WEEE - Disposing and Recycling Your Product

This symbol on the product and packaging means that according to local laws and regulations this product should be not be disposed of in household waste but sent for recycling. Please take it to a collection point designated by your local authorities once it has reached the end of its life, some will accept products for free. By recycling the product and its packaging in this manner you help to conserve the environment and protect human health.
